EDC SAMACHAR

News and Views from the

ENTREPRENEURSHIP DEVELOPMENT CELL
(A Unit of Department of Science & Technology, NSTEDB Division, Govt. of India)

Message from Chairman’s Desk

EDC Samachar, issue-4 is now ready for release. My hearty congratulations to EDC team for compiling the proceedings of all activities conducted under EDC to empower rural youth, farmers & women. Our Institution has taken “Services to community” as one of it’s motto & thus all activities are outcome based ones & help the beneficiaries to become entrepreneurs. We are planning to create many self-help-groups & special-interest-groups to develop the culture of entrepreneurship. Hoping sincerely to conduct many fruitful, effective & result oriented programs in the coming years, as we have been doing in the past.

EDC Samachar – 2012 will reflect the effective functioning of EDC at NMAMIT. We would like to express our heart-felt gratitude to Department of Science & Technology, New Delhi, Department of Industries & commerce, Government of Karnataka, & Nitte Education Trust, Mangalore, for their continued support in carrying-out all these activities.

Dr. Niranjan N. Chiplunkar
Principal,
NMAMIT, Nitte
From the past 8 years, the major emphasis was given to create entrepreneurial culture among the students of Technical Institutions/Colleges in and around Nitte. Entrepreneurship Awareness Camp organized by EDC helped more than 10,000 students to acquire entrepreneurship qualities. The advisory Board of EDC also decided to take up rural developmental programmes in view of poverty alleviation, Based on the decision taken in the Advisory Board meetings, EDC has adopted a strategy of creating awareness among the young graduates the importance in development of entrepreneurship culture and ensuring economic empowerment for rural women/ youth and farmers of Nitte and surrounding villages. EDC joined its hands in promoting economic empowerment of rural people through setting up of sustainable, cost effective, quality based rural enterprises and creating job opportunities for the rural people. The various hands on training given for the graduate students in the thrust areas helped them to take the initiatives to start their own enterprise. EDC is offering all kinds of support to those who started their own venture in association with District Industries centre.

Dr. I. Ramesh Mithanthaya
Chief Project Leader

1. To act as an institutional mechanism for providing various services including information to budding Science & Technology entrepreneurs.

2. To create entrepreneurial culture in the parent institution & other institutions in the region to promote the objectives of DST including programmes related to women and weaker sections of the society.

3. To foster better linkages between the parent institution, industries and R&D institutions in the region and other related organizations engaged in promoting small and medium enterprises including NGOs & other voluntary organizations.

4. To catalyse and promote development of Science & Technology based enterprises & promote employment opportunities.
